THE PANDERA FONT FAMILY PRODUCT SPECIFICATIONS

Pandera Family: straight forward

Pandera Family by Robert Strauch consists of 10 fonts: Light, Light Italic, Regular, Italic, Medium, Medium Italic, Bold, Bold Italic, Black and Black Italic. All fonts include the complete Latin Extended A codepage providing a full CE-language support (ISO 8859-2 Latin 2 [Central Europe]). Every font features lining and medieval numerals with both proportional and tabular metrics. Additionally the upright styles comprise small caps with special sc-figures. Therefore the complete family sums up to 10 different styles. Conceived to sustain legibility and to ease good perception even at small sizes or long distance view it is a perfect fit for many typographic purposes dedicated to communication and information. Nevertheless Pandera expresses a strong personality without being pretentious or tending towards a temporary fashion. Despite its wide appearance the typeface doesn't claim too much space. A particularity lies in the fact that the Italics have exactly the same tracking as their corresponding upright style versions.

The Miserable Thing About Software

The font software has been tested by lazydogs typefoundry in all conscience. The functionality of font-software though is strongly dependent of the application using it and additionally installed software tools. Possible conflicts with installed software may occur and cannot be prevented. For information concerning this matter please consult this documentation or contact us for further questions.
